Dynatrace Reports First Quarter of Fiscal Year 2023 Financial Results

Delivers Adjusted ARR growth of 34% year-over-year

WALTHAM, Mass, August 3, 2022 (Business Wire) - Software intelligence company Dynatrace (NYSE: DT) today released financial results for the first quarter of its fiscal 2023 ended June 30, 2022.

"Q1 was yet another quarter of solid execution with balanced growth and profitability highlighting the durability of our business in the current environment," said Rick McConnell, Chief Executive Officer. "We continue to see digital transformation initiatives with clear and measurable ROI as a top priority for the global 15,000 organizations that we target. Automation and AIOps are requirements for companies looking to do more with less time, resource, and cost. Our platform is rooted in these capabilities, which differentiate us from our competitors and position us well for continued growth and success in the future.

First Quarter Fiscal 2023 and Other Recent Business Highlights :

All growth rates are compared to the first quarter of fiscal 2022 unless otherwise noted.

Financial Highlights:

- Total ARR of \$1,031 million, Adjusted ARR growth of 34% year-over-year
- Total Revenue of \$267 million, up 32% on a constant currency basis
- Subscription Revenue of \$250 million, up 32% on a constant currency basis
- Operating Income of \$19 million and Non-GAAP Operating Income of \$60 million
- EPS of \$0.01 and Non-GAAP EPS of \$0.18, both on a dilutive basis

Business Highlights:

- **Market Leadership:** Named Leader in the 2022 Gartner Magic Quadrant for APM and Observability. Ranked highest in 4 of 6 Gartner Critical Capabilities for APM and Observability.
- **Platform Innovation:** Extended the Dynatrace® platform with automatic release validation capabilities and unified its log analytics and digital experience monitoring (DEM) capabilities, enabling development teams to ensure the highest quality user experience and accelerate innovation.
- **Go-to-market Success:** Added 135 new logos to the Dynatrace® platform in the first quarter, consistent with the first quarter of last fiscal year. Delivered a net expansion rate above 120% for the seventeenth consecutive quarter. On a trailing-twelve-month basis, business transacted through hyperscaler partnerships, including AWS, Google, Microsoft, is nearly 3x compared to the same period last year.

*** Use of Non-GAAP Financial Measures**

In our earnings press releases, conference calls, slide presentations, and webcasts, we may use or discuss non-GAAP financial measures, as defined by Regulation G. The GAAP financial measure most directly comparable to each non-GAAP financial measure used or discussed, and a reconciliation of the differences between each non-GAAP financial measure and the comparable GAAP financial measure, are included in this press release after the consolidated financial statements. Our earnings press releases containing such non-GAAP reconciliations can be found in the Investors section of our website at <https://ir.dynatrace.com>.

Financial Outlook

Since March 31, 2022, Dynatrace has seen an incremental strengthening of the U.S. dollar resulting in a foreign exchange ("FX") headwind in fiscal 2023. Total FY23 FX impact on a constant currency basis is expected to be approximately \$40 million on ARR, up from prior quarter expectations of \$20 million. Total FY23 FX impact is expected to be approximately \$47 million on Revenue, up from prior quarter expectations of \$33 million.

Growth rates for Adjusted ARR, Total revenue, and Subscription revenue are presented in constant currency in the table below to provide better visibility into the underlying growth of the business.

Based on information available, as of August 3, 2022, Dynatrace is issuing guidance for the second quarter and updating guidance for full year fiscal 2023 as follows:

<i>(In millions, except per share data)</i>	Q2 Fiscal 2023 Guidance

Our guidance is based on foreign exchange rates as of the end of July.

Reconciliation of non-GAAP operating income, non-GAAP net income, non-GAAP net income per diluted share and free cash flow guidance to the most directly comparable GAAP measures is not available without unreasonable efforts on a forward-looking basis due to the high variability, complexity and low visibility with respect to the charges excluded from these non-GAAP measures; in particular, the measures and effects of share-based compensation

expense, employer taxes and tax deductions specific to equity compensation awards that are directly impacted by future hiring, turnover and retention needs, as well as unpredictable fluctuations in our stock price. We expect the variability of the above charges to have a significant, and potentially unpredictable, impact on our future GAAP financial results.

The company has used, and intends to continue to use, the investor relations portion of its website as a means of disclosing material non-public information and for complying with disclosure obligations under Regulation FD.

Non-GAAP Financial Measures & Key Metrics

In addition to disclosing financial measures prepared in accordance with GAAP, this press release and the accompanying tables contain certain non-GAAP financial measures.

Non-GAAP financial measures do not have any standardized meaning and are therefore unlikely to be comparable to similarly titled measures presented by other companies. Dynatrace considers these non-GAAP financial measures to be important because they provide useful indicators of its performance and liquidity measures. These are key measures used by our management and board of directors to understand and evaluate our core operating performance and trends, to prepare and approve our annual budget and to develop short and long-term operational plans. In addition, investors often use similar measures to evaluate the performance of a company. Non-GAAP financial measures are presented for supplemental informational purposes only for understanding the company's operating performance. The non-GAAP financial measures should not be considered a substitute for financial information presented in accordance with GAAP, and may be different from non-GAAP financial measures presented by other companies. The GAAP financial measure most directly comparable to each non-GAAP financial measure used or discussed, and a reconciliation of the differences between each non-GAAP financial measure and the comparable GAAP financial measure, are included in this press release after the consolidated financial statements.

Dynatrace presents constant currency amounts for Revenue and Annual Recurring Revenue to provide a framework for assessing how our underlying businesses performed excluding the effect of foreign currency rate fluctuations. To present this information, current and comparative prior period results for entities reporting in currencies other than United States dollars are converted into United States dollars using the average exchange rates from the comparative period rather than the actual exchange rates in effect during the respective periods. All growth comparisons relate to the corresponding period in the last fiscal year. Dynatrace provides this non-GAAP financial information to aid investors in better understanding our performance.

Annual Recurring Revenue "ARR" is defined as the daily revenue of all subscription agreements that are actively generating revenue as of the last day of the reporting period multiplied by 365. We exclude from our calculation of Total ARR any revenues derived from month-to-month agreements and/or product usage overage billings.

Adjusted ARR is defined as ARR excluding the impact of foreign exchange rate fluctuations that occurred over the trailing twelve month period. This calculation also excludes the headwind associated with the Dynatrace® perpetual license ARR that rolled off in the trailing twelve month period.

Adjusted ARR Growth is defined as year-over-year growth in Adjusted ARR divided by ARR as reported.

Dynatrace® Net Expansion Rate is defined as the Dynatrace® ARR at the end of a reporting period for the cohort of Dynatrace® accounts as of one year prior to the date of calculation, divided by the Dynatrace® ARR one year prior to the date of calculation for that same cohort. This calculation excludes the benefit of Dynatrace® ARR resulting from the conversion of Classic products to the Dynatrace® platform. Effective the first quarter of fiscal year 2023, we began to exclude the headwind associated with the Dynatrace perpetual license ARR given diminishing impact of perpetual license ARR. We believe that eliminating the perpetual license headwind will result in a Net Expansion Rate metric that better reflects Dynatrace's ability to expand existing customer relationships.

Dynatrace customers are defined as accounts, as identified by a unique account identifier, that generate at least \$10,000 of Dynatrace® ARR as of the reporting date. In infrequent cases, a single large organization may comprise multiple customer accounts when there are distinct divisions, departments or subsidiaries that operate and make purchasing decisions independently from the parent organization. In cases where multiple customer accounts exist under a single organization, each customer account is counted separately based on a mutually exclusive accounting of ARR.

Free Cash Flow is defined as net cash provided by (used in) operating activities less capital expenditures.

Cautionary Language Concerning Forward-Looking Statements

This press release includes certain “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding management’s expectations of future financial and operational performance and operational expenditures, expected growth, and business outlook, including our financial guidance for the second fiscal quarter and full year 2023, and statements regarding the size of our market and our positioning for capturing a larger share of our market. These forward-looking statements include, but are not limited to, plans, objectives, expectations and intentions and other statements contained in this press release that are not historical facts and statements identified by words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “estimates” or words of similar meaning. These forward-looking statements reflect our current views about our plans, intentions, expectations, strategies and prospects, which are based on the information currently available to us and on assumptions we have made. Although we believe that our plans, intentions, expectations, strategies and prospects as reflected in or suggested by those forward-looking statements are reasonable, we can give no assurance that the plans, intentions, expectations or strategies will be attained or achieved. Furthermore, actual results may differ materially from those described in the forward-looking statements and will be affected by a variety of risks and factors that are beyond our control including, without limitation, the effect of the COVID-19 pandemic on our business operations and demand for our products as well as its impact on general economic and financial market conditions, a potential downturn in or instability of general economic conditions including currency fluctuations, our ability to maintain our subscription revenue growth rates in future periods, our ability to service our indebtedness, market adoption of software intelligence solutions for application performance monitoring, digital experience monitoring, infrastructure monitoring, AIOps, business intelligence and analytics and application security, continued spending on and demand for software intelligence solutions, our ability to maintain and acquire new customers, our ability to differentiate our platform from competing products and technologies, our ability to successfully recruit and retain highly-qualified personnel, the price volatility of our common stock, and other risks set forth under the caption “Risk Factors” in our Form 10-K filed on May 26, 2022 and our other SEC filings. We assume no obligation to update any forward-looking statements contained in this document as a result of new information, future events or otherwise.
